

Furry Friends Community Spay Clinic

1209 Grand Ave.

West Des Moines, IA. 50265

### Microchip Service Agreement

I am electing to have a microchip implanted in my pet today so in case he or she gets lost, I will have the benefit of an irremovable form of identification that will make it easier for me to be reunited with my pet. Additionally, by having my animal microchipped through Furry Friends Community Spay Clinic, I am electing to receive the additional benefit as follows:

Should I no longer be able to care for my animal and voluntarily surrender my animal microchipped through Furry Friends Community Spay Clinic to a shelter I give Furry Friends Refuge the right to reclaim the animal. Such permission shall be granted in the event I surrender my animal to a shelter that will not provide Furry Friends a guarantee that the animal will be placed for adoption. Such a benefit will not affect my rights as an owner for any point in time that I remain the owner. This right shall transfer with any future transfer of ownership to another individual but will also not affect their rights as owners of the pet. Such right will become enforceable only when the animal has no other available owner and is surrendered to a shelter refusing to comply with the adoption guarantee, expressly including the Animal Rescue League of Iowa, Inc.
